

Id: 23-52039-2

Project Name: Weather Forecasting Management System		Test Designed by: Amanur Rahman		
Test Case ID: TC_I		Test Designed date: 28/04/2026		
Test Priority (Low, Medium, High): Medium		Test Executed by:Aman		
Module Name: Account Creation		Test Execution date: 30/04/2026		
Test Title: Create a New User Account				
Description: Test That a User Can Create an Account				
Precondition: User in on the sign-up page				
Dependencies: Database connection is available				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)
- Go to the signup page - Enter a valid email address - Enter a Valid username - Enter a Valid password - Confirm the password - Click “Create Account” button	Username: aman3 Password: 1234 E-mail: aman.ghost330@gmail.com	Account is created successfully and user is redirected to login Page.	Account created and redirected	Pass

Id: 23-52039-2

Project Name: Weather Forecasting Management System		Test Designed by: Amanur Rahman		
Test Case ID: TC_2		Test Designed date: 28/04/2026		
Test Priority (Low, Medium, High): High		Test Executed by: Aman		
Module Name: Account Creation		Test Execution date: 30/04/2026		
Test Title: Password And Confirm Password Match				
Description: Test that the password matches the confirm password during account creation				
Precondition: User in on the sign-up page				
Dependencies: None				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)
- Go to the signup page - Enter a valid email address - Enter a Valid username - Enter a Valid password - Confirm the password - Click “Create Account” button	Password: 1234 Confirm Password: 1234	Account is created successfully and user is redirected to login Page.	Account created and redirected	Pass

Id: 23-55068-3

Project Name: Weather Forecasting Management System		Test Designed by: Amartay Das		
Test Case ID: TC_3		Test Designed date: 20/04/2026		
Test Priority (Low, Medium, High): High		Test Executed by: Amartay		

Module Name: Account Creation		Test Execution date: 30/04/2026		
Test Title: Redirected to login Page after Account Creation				
Description: Verify that clicking the create account button successfully redirects the user to login page after account creation				
Precondition: All required fields are filled with valid data				
Dependencies: Login page exists and is accessible				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)
- Enter all the details - Click “Create Account” button	Username: aman3 Password: 1234 E-mail: aman.ghost330@gmail.com	User is redirected to login Page.	As expected	Pass

Id: 23-55068-3

Project Name: Weather Forecasting Management System	Test Designed by: Amartay Das
Test Case ID: TC_4	Test Designed date: 28/04/2026
Test Priority (Low, Medium, High): High	Test Executed by: Amartay
Module Name: Login Session	Test Execution date: 30/08/2026
Test Title: User Login using valid details after Account Creation	
Description: Verify that user can log-in using valid details	
Precondition: All required fields are filled with valid data	

Dependencies: Database has to be connected				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)
- Enter all the details - Click “log-in” button	Username: aman3 Password: 1234	User login successful	As expected	Pass

Id: 23-55862-3

Project Name: Weather Forecasting Management System	Test Designed by: Aminul Islam Shanto
Test Case ID: TC_5	Test Designed date: 28/4/2026
Test Priority (Low, Medium, High): Low	Test Executed by: Aminul
Module Name: Login Session	Test Execution date: 30/04/2026
Test Title: Show Password functionality	
Description: Test that the user can toggle password visibility using the “Show Password” icon	
Precondition: All required fields are filled with valid data	
Dependencies: UI and input fields are properly loaded	

Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)
- Go to login Page - Enter all the details - Click “Show Password Icon” button	Username: aman3 Password: wrongl23	Password becomes visible (plain text)	Password visible (plain text)	Pass

Id: 23-55862-3

Project Name: Weather Forecasting Management System			Test Designed by: Aminul Islam Shanto	
Test Case ID: TC_6			Test Designed date: 28/04/2026	
Test Priority (Low, Medium, High): High			Test Executed by: Aminul	
Module Name: Login Session			Test Execution date: 30/04/2026	
Test Title: Login with invalid credentials				
Description: Test that the system prevents login when invalid credentials are entered				
Precondition: All required fields are filled with valid data				
Dependencies: Database has to be connected				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)

- Go to login Page - Enter all the details - Click “Login” button	Username: aman3 Password: 1234	System shows “Incorrect password”	As expected	Pass
---	-----------------------------------	-----------------------------------	-------------	------

Id: 23-55088-3

Project Name: Weather Forecasting Management System			Test Designed by: Shohanur Rahman	
Test Case ID: TC_7			Test Designed date: 28/04/2026	
Test Priority (Low, Medium, High): High			Test Executed by: Shohan	
Module Name: Login Session			Test Execution date: 30/04/2026	
Test Title: Redirect to Dashboard				
Description: Verify that clicking the Login button successfully redirects the user to the Dashboard				
Precondition: All required fields are filled with valid data				
Dependencies: Database exists and is accessible				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)

- Go to login Page - Enter all the details - Click “Login” button	Username: aman3 Password: 1234	User is redirected to the Dashboard Page.	As expected	Pass
---	-----------------------------------	---	-------------	------

Id: 23-55088-3

Project Name: Weather Forecasting Management System			Test Designed by: Shohanur Rahman	
Test Case ID: TC_8			Test Designed date: 28/04/2026	
Test Priority (Low, Medium, High): High			Test Executed by: Shohan	
Module Name: Dashboard			Test Execution date: 30/04/2026	
Test Title: Verify weather parameter display on dashboard				
Description: Verify that all weather parameters (Temperature, Precipitation, Humidity, and Wind Speed) are displayed correctly on the dashboard.				
Precondition: Dashboard is loaded				
Dependencies: Dashboard widgets are enabled				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)

- Login to the site - Navigate to dashboard - Observe the weather information displayed	Username: aman3 Password: 1234	Temperature, Precipitation, Humidity, and Wind Speed are displayed correctly with proper units	As expected	Pass
---	-----------------------------------	--	-------------	------

Id: 23-55083-3

Project Name: Weather Forecasting Management System			Test Designed by: Utsa Mazumdar	
Test Case ID: TC_9			Test Designed date: 28/04/2026	
Test Priority (Low, Medium, High): High			Test Executed by: Utsa	
Module Name: Dashboard			Test Execution date: 30/04/2026	
Test Title: Verify location selection and weather update on dashboard				
Description: Verify that when a user selects or enters a location, the dashboard updates weather data (Temperature, Humidity, etc.) according to that location				
Precondition: Dashboard is loaded				
Dependencies: Weather API is working				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)

- Login to the site - Navigate to dashboard - Enter/select a location - Click search or confirm location - Observe updated weather data	Username: aman3 Password: 1234 Location: Dhaka	Weather data (Temperature, Humidity, Wind Speed, etc.) updates correctly based on selected location	As expected	Pass
---	--	---	-------------	------

Id: 23-55083-3

Project Name: Weather Forecasting Management System			Test Designed by: Utsa Mazumdar	
Test Case ID: TC_I0			Test Designed date: 28/04/2026	
Test Priority (Low, Medium, High): Medium			Test Executed by: Utsa	
Module Name: User Profile			Test Execution date: 30/04/2026	
Test Title: Verify user can access profile from dashboard				
Description: Verify that a logged-in user can successfully access their profile page and view personal information correctly.				
Precondition: Dashboard is loaded				
Dependencies: User authentication system is working				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)

- Login to the site - Navigate to dashboard - Click on “Profile” or user icon - Open user profile page - Verify displayed user information	Username: aman3 Password: 1234	User profile page opens successfully and displays correct user details (name, email, phone, etc.)	As expected	Pass
--	-----------------------------------	---	-------------	------

Id: 23-55083-3

Project Name: Weather Forecasting Management System		Test Designed by: Utsa Mazumdar		
Test Case ID: TC_11		Test Designed date: 28/04/2026		
Test Priority (Low, Medium, High): High		Test Executed by: Utsa		
Module Name: Backup Feature		Test Execution date: 30/04/2026		
Test Title: Verify route finding between two locations				
Description: Verify that the system correctly calculates and displays the route between a source and destination selected by the user.				
Precondition: Dashboard is loaded				
Dependencies: Map service (e.g., Google Maps API) is working				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)
- Login to the system - Navigate to Route Finding module - Enter source location - Enter destination location - Click “Backup Feature” - Observe displayed route on	Username: aman3 Password: 1234 Source: Dhaka Destination: Chattogram	System displays correct route between source and destination with distance and travel time.	As expected	Pass

Id: 23-52039-2

Project Name: Weather Forecasting Management System			Test Designed by: Amanur Rahman	
Test Case ID: TC_I2			Test Designed date: 28/04/2026	
Test Priority (Low, Medium, High): Low			Test Executed by: Aman	
Module Name: Authentication (Logout Feature)			Test Execution date: 30/04/2026	
Test Title: Verify user logout functionality from dashboard				
Description: Verify that a logged-in user can successfully log out from the system and is redirected to the login page.				
Precondition: Dashboard is loaded				
Dependencies: Session management is enabled				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)
- Login to the system - Navigate to dashboard - Click on profile icon or menu - Click on “Logout” button - Observe system behavior	Username: aman3 Password: 1234	User is logged out successfully and redirected to the login page. Session is terminated.	As expected	Pass
